ZELLE LLP & INTACT INSURANCE SPECIALTY SOLUTIONS

Zelle LLP and Intact Insurance Specialty Solutions are accepting applications for a full-time 1L summer law clerk. The law clerk will divide the 8-week summer program between Zelle's Minneapolis, Minnesota office and Intact Insurance Specialty Solutions' Plymouth, Minnesota office. The Minneapolis office of Zelle LLP, an international boutique litigation firm, primarily represents insurance companies in commercial disputes. Intact Insurance Specialty Solutions provides a broad range of specialty insurance products and services.

We seek a first-year law student who has demonstrated excellence and possesses unique life experiences and perspectives. The successful candidate will be a strong writer who is comfortable working independently but confident in the ability to seek out guidance and ask questions when necessary. While your grades and experiences are important to us, your ability to learn quickly, understand and analyze complex information, and solve problems on the fly is equally important, so tell us about those things in your cover letter.

Our program is designed to introduce you to our work, our industry, and the practice of law. At Zelle, the job will primarily entail legal research and writing on a variety of insurance coverage, litigation, and related subjects, though we may also ask you to pitch in on other projects. We will offer you the opportunity to attend client meetings, depositions, legal proceedings, and other experiences as they arise. We also offer regular seminars and training events for our clerks across the firm to learn about our practice and connect virtually. At Intact, the clerk will work with the Claims U.S. Coverage Team and will engage in legal research, assist with insurance coverage analysis, litigation projects, and legal proceedings while learning about the broader business of insurance as opportunities present themselves.

Candidates will be evaluated for potential future employment, although our 2028 2L summer associate hiring needs are currently unknown. The expected compensation is $2,500 per week.

Interested applicants should submit a cover letter, resume, undergraduate transcripts, law school transcript (when available), and writing sample to hr@zellelaw.com. Applications will be accepted on a rolling basis until the position is filled.
