

U.S. Bank
Online Platforms Attorney
180044835

At U.S. Bank, we're passionate about helping customers and the communities where we live and work. The fifth-largest bank in the United States, we're one of the country's most respected, innovative and successful financial institutions. We are committed to our purpose: we invest our hearts and minds to power human potential. Part of this commitment, and one of our core values, is the creation of a diverse workforce. We consider all qualified applicants without regard to race, religion, color, sex, national origin, age, sexual orientation, gender identity, disability or veteran status.

Successful candidates for positions in the U.S. Bank Law Division consistently provide excellent advice and guidance to clients and colleagues, on a variety of legal matters. They build trusting relationships that allow the business to make well-informed decisions. They work to attract, retain, and develop great people in an inclusive environment where each person is valued for the distinct skills and attributes they bring to the group. Meaningful collaboration, participation in the community, and investment in the development of the Law Division are all expected from candidates.

The U.S. Bank Law Division is seeking an experienced attorney to provide legal counsel to our Enterprise API Channel group. The Enterprise API Channel group is responsible for managing the API technology platform, developer portals, and development of external API delivery solutions. The Online Platforms Attorney will provide legal support throughout the development lifecycle – concept, development, implementation. The focus of this position is on negotiating third-party agreements involving licensing, privacy, technology, and intellectual property issues as well as drafting the user terms and conditions that are applicable to the online platforms.

The position offers candidates a career with exposure to a variety of legal issues, while working with various departments and individuals at U.S. Bank to serve as a trusted legal and business advisor. The position may be located in Minneapolis, Minnesota or Atlanta, Georgia, and will report to the lead counsel of the Digital Engagement Legal Team.

Responsibilities include:

- Drafting and negotiating complex API/software agreements with third parties.
- Drafting end user terms and conditions for online platforms.
- Providing legal support and advice for development of technology products/services utilized in Enterprise API Channel group
- Providing legal support for the Digital Engagement initiatives of U.S. Bank.
- Liaising with outside counsel as directed by the senior legal team.
