TCDIP 1L SUMMER ASSOCIATE

For over 60 years, Jackson Lewis P.C. has been dedicated to representing management exclusively in workplace law and is one of the fastest growing workplace law firms in the U.S., with over 950 attorneys practicing in major cities nationwide.

We are recruiting a Summer Associate who has a demonstrated interest in labor and employment law, excellent academic credentials, and strong extracurricular activities.

We strive to provide our Summer Associate with a realistic understanding of what it is like to practice law at Jackson Lewis. The Summer Associate will be encouraged to assume significant responsibility and will be exposed to a broad range of practice areas and professional experiences. In addition to legal research and writing assignments, the Summer Associate will have the opportunity to attend significant events related to the cases to which they/he/she is assigned, such as depositions, court hearings, arbitrations, and client meetings. Our attorneys are committed to ensuring the Summer Associate receives feedback on their/his/her work product and they will take time to help the Summer Associate better understand what it takes to be a successful attorney at our firm. In addition, we sponsor social events during the summer that will allow the Summer Associate to interact with our attorneys.

Jackson Lewis is partnering with Ecolab for the Twin Cities Diversity in Practice clerkship program. Ecolab is a global leader in water, hygiene, and infection prevention solutions and services that protect people and vital resources. The Summer Associate will spend a portion of the summer in Ecolab’s legal department with an Intellectual Property Law practice focus and the balance at Jackson Lewis with an Employment Law practice focus. The time apportionment between Ecolab and Jackson Lewis will be based on the respective business needs of each company.
