Job Description

Summer Associate 2022

Lockridge Grindal Nauen (LGN) seeks a first-year student to join the firm as a summer associate in partnership with the Metropolitan Council. Summer associates at LGN gain experience with complex litigation in Minnesota and across the country, including matters involving antitrust, commercial, environmental, employment, healthcare, and products liability. LGN’s attorneys rely on summer associates to perform substantive work — such as drafting briefs, motion papers, and research memoranda. Throughout the summer program, LGN also offers summer associates the opportunity for ongoing mentorship and training.
